

WITT Sensoric GmbH – Company profile

WITT Sensoric GmbH, founded in 1993, is one of the leading suppliers of safety sensors for doors and gates with a focus on the European market. As part of the Pepperl+Fuchs Group, we stand out with our in-house optoelectronic development, mechanical construction, and large-scale manufacturing. We supply almost all well-known European door and gate manufacturers in original equipment. Our decades of experience are reflected in a comprehensive, standards-compliant product portfolio of safety sensors and accessories.
